Mrs Krakover Makes Statements In Action Brought Against Her,

UNIONTOWN MAN'S SUIT

In the matter of an execution issued a few days since against B. Krakover and A. Krakover, at the instance of J. W. Jaco, Uniontown, the defendant, A. Krakover, wife of B. Krakover, has started a proceeding to be allowed to make defense to the claim made upon her. Upon her petition a rule has been issued upon J. W. Jaco to show cause why the judgment should not be opened and the defendant, A. Krakover, let into a defense. The defendant agreed to give bond in the sum of $500 to protect the prosperity pending the outcome of the action. The execution was issued upon a debt due for the use of a store room in Uniontown. The defendant claim she was only an endorser of the judgment upon which the execution is issued and that she was not interested in the Uniontown store. The property levied upon was the store room of the defendant on McKean avenue, Charleroi.

PLAN SERVICE TO CITY NEXT WEEK

Work on the Charleroi Telephone company line to Pittsburg is progressing very fast and it is expected they will be in position to give service via Donora some time next week.

Right of way of the Washington line was completed yesterday and the company plans having a working line over to the county seat before the end of February.

Wire has been purchased to string an additional line to California which will relieve the present overworked capacity to some extent.

Additional local lines are underway and no doubt will be working before spring.

RESERVOIR HAS BEEN REPAIRED

Yesterday work on the reservoir to the south on the hill by the Charleroi water company was finished up on some improvements which they have been making. There was a break in the reservoir and the company thought it necessary to repair it.

LARGE TIPPLE TO BE ERECTED AT ACME MINES

Mine a Few Miles Below Monongahela Will Be a Wonder.

Plans have been drawn for the coking plant for the Pittsburg-Westmoreland Coal company, to be located near its Acme mine, 10 miles south of Monongahela. While it is designed ultimately to make it one of the biggest plants of the kind in the country, the start will be rather moderate, the intention being to expand it from time to time. Contracts for 200 ovens and other improvements will be awarded soon after the first of the year, involving something like a half million dollars. Officials of the company are not ready to discuss the proposition in detail, but they confirmed the report that such a plant had been designed and that construction of it will be commenced next year.

It is in the Schoenberger mine of the Pittsburg-Westmoreland company that the only complete mining machine in the world is now in successful operation. It is the invention of H. A. Kuhn, the president of the company, and it actually mines the coal and loads it on the cars. It is known that Mr. Kuhn also has some original ideas about the construction of coking plants, and it is understood that the ovens will be of an entirely new type.

SOCIAL EVENTS OF CHARLEROI

A birthday party was given at the home of Mr. and Mrs. John Hormell yesterday afternoon, in honor of their son Everett, in celebration of his tenth birthday. A number of his little friends were present and the afternoon was spent most enjoyably with games and music. A nice lunch was provied for the young folks.

The Christian Endeavor society of the Washington Avenue Presbyterian church are planning for an Oyster supper to be given in the basement of the church on Tuesday evening of next week, beginning at 5 o'clock.

Carrol.

Patrick H. Carrol the son of Mrs. F. B. Carrol of 321 McKean avenue died this morning at 12:20 o'clock after an extended illness of pneumonia. The deceased was 4 years 11 months and 11 days old. The mother survives the father being dead. The funeral will be held on Monday afternoon at 2 o'clock from the Washington avenue Presbyterian church. The interment will be either in the Monongahela or Charleroi cemetery.

The boy was the grandson of H. B. Walters.

Mrs. F. D. Rhines and daughter Ruth of Brookville, Mr. and Mrs. H. L. Hastings, and daughter of North Side, Pittsburg, and Mrs. S. T. Hastings and daughters Nelle and Verdi of Mahoningtown returned to their homes this morning after a visit at the home of Miss Grace Rhines.

TERRIBLE AFFAIR SHORTLY BEFORE NOON AND MANY ARE ENTOMBED BELOW SURFACE

Mine Foreman Henry Compton Is The Only One Who Has Been Brought To Surface---He Was Going Down Shaft When Explosion Came After Bringing Loutitt And Kennedy To The Top.

HUNDREDS ARE ANXIOUSLY AWAITING NEWS OF ILL FATED ONES IN MINE

About Two Hundred miners in the Rachael shaft of the new Marianna mines are entomed as the result of an explosion this morning shortly before noon. But one person that was killed has been brought to the surface, Henry Compton, mine foreman, who was in the cage going down the shaft when the explosion occurred. A foreigner who was seriously hurt has been taken to the hospital at Monongahela. No word can be gotten to the ill fated ones in the mine and it is not known whether or not any of them are living, but it is hardly supposed that they could be alive, such was the force of the impact. Rescue parties have been rushed to the mouth, but cannot do anything as yet. Special trains containing officials of the company have been taken from Pittsburg to the mine, one leaving Monongahela about one o'clock. The reports of the terrible catastrophe are as yet very vague.

The time of the catastrophe was 10:55 o'clock. The cause is not known. Just a few moments before the explosion Mine Inspector Louttit, and Joseph Kennedy of Monongahela, who have been spending the day at the new Marrianna mines were brought to the surface by Mine Foreman Henry Compton. After a very short time on the surface the mine foremen with a foreigner started down the shaft in the cage. They were little more than half way down when the explosion came. The cage was blown to the top of the shaft. People came running from every direction and in a moment the ground nearby was black with people. The wrecked cage was found to contain the dead body of Compton, while the foreigner had in some manner escaped death, but he was injured, it is thought mortally. The timbers of the tipple were wrecked. The news spread like wild fire, and the residents of the near by towns, Zollarsville and Centerville flocked to the spot as fast as horses could carry them. Rescue parties were formed but they could do nothing.

Messages were sent to Monongahela and Pittsburg for aid and a special train was sent from the latter place. It got to Monongahela at about 1 o'clock and gathering more of a load proceeded to the mine. No one was unable to get in the shaft, the opening being clogged by the debris of the explosion.

There is no idea as to the cause of the explosion. The mine was evidently supposed to be in bad condition from the fact that Mine Inspector Henry Louttit was spending the entire day in the place. He hardly expected the catastrophe however. The mine is but a new one which makes the explosion seem all the more strange. The conditions in it were generally thought to be good, and the mine officials are at a loss to account for the explosion. They will make an entrance to the mine as soon as possible, and if there are any of the miners alive, which is extremely doubtful, they will be brought out. It is hardly likely that an opening will be made for sometime, on account of the debris that was piled up.

The Rachael is one of the largest in the world. There are two of the mines and both have but recently been opened. They were considered to be among the best fitted up and ventilated in the country.

At the mouth of the mine as close as they can get are women and children who are anxiously awaiting news from loved ones who are supposed to be in the mines. The suspense is terrible and a large number of the women are now under the care of physicians who have been hustled to Marianna. The calamity is said to be one of the most terrible that has happened in this section for several years and even surpassing that of the Monongah catastrophe last year.

Henry Compton, the mine foreman who was killed, has been taken to Bebout's undertaking rooms at Monongahela. Half of his head was blown off. He was well known along the river. He had been employed formerly at the Catsburg and Black Diamond mines.

More undertakers were sent for from Monongahela at 2:30 o'clock and it is probable that they will leave in a special train later in the afternoon. This indicates that all that were in the mine are dead.

FOUR LIBELS IN DIVORCE ARE FILED

Four libels in divorce were filed yesterday as follows. H. M. Ward, Washington, against Anna F. Ward, desertion; Celeste Collinet, Charleroi, against Alfred Collinet, infidelity and indignities to the person; John Baptiste Baton, Granville, against Mary Vellender Baton, desertion; Annie DeMorio, Charleroi, against Mike DeMorio, infidelity and indignities to the persons. Subpoenas were awarded in all four cases.

Mr. and Mrs. Hamilton Booth of Fallowfield avenue leave this evening for Philadelphia for a visit with their son Lewis who leaves soon for a two years cruise on the training ship with which he is signed, to the West Indies.

Mr. and Mrs. C. C. Sherman of Girard are spending a few days with Mrs. Hepler of Second street.

COULSON, ABBOTT AND DEWAR ON STAR TEAM

Bob Coulson, the star halfback of last year's State college football team, and Ody Abbott, the end and halfback on the W. and J. team last year, will line up with the All Western Pennsylvania eleven this afternoon at D. C. and A. C. park, Wilkinsburg, against the Sterlings, the amateur champions.

Coulson and Abbott live in Donora, Pa., and they joined the squad yesterday and both will occupy positions in the lineup that starts the game this afternoon. "Tillie" Dewar will be on an end or in the backfield and there is probability of Peacock, the W. and J. tackle, starting the game at that position

J. S. Elliott has returned home from a vacation spent in the West. During his tour he visited Denver, and other points in Colorado, New Mexico, and Wichita, Kansas.

TO INSTITUTE NEW LODGE AT MONESSEN

Local People To Attend In A Body The Exercises Tomorrow.

The Charleroi lodge, 639, B'nai Brith will on Sunday afternoon go to Monessen in a body to attend the institution of the lodge which was recently formed there. The local delegation will be headed by The President, L. Beigel and a full quota of officers. There will probable be twenty from here and the lodges from Donora, Braddock, McKeesport, and Pittsburg will send large delegations.

There will be grand officers present, among which will be A. L. Soloman, the president of the third district. It is probable that Rev. J. Leonard Levy of Pittsburg will also be in attendance.

The Monessen lodge was formed a few weeks ago by Louis Sulzbacher District Deputy President at large, and L. Beigel of Charleroi. It has about thirty charter members, and there is every evidence of its being one of the best lodges in the country. The charter will be presented tomorrow.

NOTE SUIT IN THE JURY'S HANDS

The testimony in the suit of L. R. Boyd for use against Anna Williams and Ambrose Williams was closed yesterday afternon, and the case will go to the jury today. Thirty three three witnesses were called yesterday.

The suit is over a $500 note purported to have been given by Anna and Ambrose Williams to L. R. Boyd for legal services. Payment is resisted by the defendant on the grounds that they never signed the note. Two handwriting experts were called, the one for the plaintiff testifying that the signatures to the note were genuine, while G. W. Wood, of Pittsburg, the expert for the defendants, was as positive they were not.

L. R. Boyd, the plaintiff, claims that the defendants owed him $600 for legal services and the note for $500 was given to secure him. He avers that Anna Williams signed the note on a Saturday afternoon, and her signature was witnessed by Peter Wagner. Ambrose Williams, the other defendant, signed the note later in the evening. Mr. Boyd says that in January, 1903, six months after the note was given, he wrote a letter to the defendants concerning the note and interest due. He received in reply two letters. In one letter Anna Williams acknowledges the note and promises to make payment on the same. The letters were offered in evidence.

The defendants deny signing the note and allege that the day it was claimed to have been executed they were in Pittsburg. Mrs Lena Riley, a daughter of Mrs. Williams, who attended to her mother's correspondence, denied writing the letters introduced by Mr. Boyd.

Anger Wrecks the System.

It is well known that a violent fit of temper affects the heart instantly, and psychophysicists have discovered the presence of poision in the blood immediately after such outburst, says Orison Sweet Marden, in "Success Magazine." This explains why we feel so depressed exhausted, and nervous after any storm of passion—worry, jealousy, or revenge—has swept through the mind. It has left in its wake vicious mental poison and other harmful secretions in the brain and blood. There is no constitution so strong but it will ultimately succumb to the constant racking and twisting of the nerve centers caused by an uncontrolled temper. Every time you become angry you reverse all of the normal mental and physical processes. Everything in you rebels against passion storms; every mental acuity protests against their abuse. If people only realized what havoc indulgence in hot temper plays in their delicate nervous structure, if they could only see with the physical eyes the damage done, as they can see what follows in the wake of a tornado, they would not dare to get angry. When the brain-cells are over-heated from a fit of temper their efficiency is seriously impared if not absolutely ruined. The presence of the anger poison; the shock to the nervous system, is what makes the victim so exhausted and demoralized after loss of self-control.

After reading the above which seems to be the result of careful research, it would be strange if we would not be affected and at least try to control our tempers which are thus not only destroying ourselves, but destroying friendship and dividing homes. There is not a person but what knows of some sad affair in which a hasty temper played the leading role and created for days and years thereafter trouble and worry. There is nothing that is more disagreeable to our friends and more harmful to ourselves than the two following things combined, two evils which are not susceptible to reasoning or good common sense—a hasty temper and an obstinate disposition. What we need now-a-days are doctors of temper more than doctors of medicine, for if physicians were able to treat outbursts of temper, which after all is but a mild form of insanity, there would be less diseases of the physical nature.

Impure Water.

Much has been said of the impure river water that we are compelled to use and at the present time there are two reasons to be assigned that we have such. The first of these is the fact of the river being so low and the acids which are discharged from the works and mines along the bank, instead of pasing out remaining in the local waters; the other the absence of a filter at the water works. It is impossible for us to regulate or control the first named, but if we interpret the working of the franchise of the Charleroi Water company rightly it is possible for us to get a filter. The water company states that there is one installed in the river near the pump station but examination by local officials have failed to produce any evidence of any, and the condition of the water is practically the same as if it were dipped from the river directly.

Sometime ago there was a suit brought against the borough of Charleroi by the Water company to collect bills to the amount of something above $2,000, but there has not been anything heard of this. There was to have been a hearing at the August term of court, but for some reason it was put off and the matter still stands. Three citizens of the borough instituted a suit in equity court against the company and this will be heard in the near future. No doubt there will be some sensational testimony in this. All Charleroi is with the three who took the action and if possible the Water company will be made to suffer for their misdeeds. If the result of this suit is favorable to the local people and doubtless it will be, the borough will likely take up the matter of removing the franchise from the company which now holds it. Whether this would provide a remedy for the conditions is not known, but it would at least be worth trying. It couldn't make matters any worse.

Only Did Duty.

The grand jury of Lackawanna county has certainly done no more than its duty in including seventeen citizens of that county for election frauds. Ten of the accused are republicans and seven democrats, thus confirming the popular theory that neither party has a monopoly either of virtue or of vice. Some are indicted for stuffing the ballot box, some for failing to count the vote actually cast and one for attempting to bribe an election board. The latter is a federal official and should it be shown that he is guilty of the offense with which he is charged Uncle Sam is likely to get after him. The election for neglect of duty, the ballot box officers of one district were indicted having been found in the river. It looks as though that indictment had a good foundation. There has been more or less trouble in the coal regions for many years over the returns from some of the districts and it looks as though a few examples are badly needed.

THE SLEEPING SICKNESS WHICH MEANS DEATH

How many readers have heard of this terrible disease? It prevails in that far-away country—Africa—especially the Congo district. It is caused by the bite of the tsetse fly. When it bites a person, the sleeping symptoms begin and finally the sufferer sleeps until death occurs.

Contrast this with the peaceful, balmy sleep of health. Is there anything more wearing than to lie awake at night, tossing about, nervous, with cold feet, hot head and mercy knows what else? Short of letting the tsetse fly bite us we would do almost anything for relief. How can we prevent it? Mr. George Hayes, of Union City, Pa., writes: "I had lost my appetite, was all run-down, could not sleep nights. I had tried everything without relief. Vinol was recommended, and to my surprise, it helped me at once; gave me a splendid appetite, and now I sleep soundly."

What Vinol did for Mr. Hayes, it will do for every run-down, nervous and overworked person who cannot sleep.

THAT THE POWER OF MONEY

in making more money is the secret of getting rich is generally admitted.

The average so-called "savings deposit" is only $100—yet this $100 represents 6 per cent interest on nearly $7,000 for a full year. As the most of these accounts were started with a deposit of one to ten dollars and gradually increased to their present size, doesn't it seem that you can do fully as well? Make up your mind to do it—then it's merely a case of application. Your earnings are as large, or larger, than those of the average depositor referred to, only—you haven't been banking your money.

Come in and let us tell you some other reasons why you should have a bank account.

AMONG THE THEATERS

Stock Company Next Week.

The Earl Burgess Stock company which will be the only attraction at the Coyle theatre all next week, has been drawing record breaking crowds to the theatres in the different cities that it has appeared in so far this season. On Monday August 10th, it played to the largest number of paid admissions that the big VanCurler Opera House in Schenectady ever had at one performance. This company is one of the several companies under the management of Burgess and Himmelein and was never here before. This organization will make their initial appearance here Monday night in a famous domestic melodrama entitled "Wedded and Parted." High class vaudeville will be introduced between acts. Changing at every performance. The special ladies' tickets Monday night 15 cents each.

At Monessen Theatre.

"The Boy With The Boodle," the latest musical comedy drama from the pen of that well known author, Howard Hall, will be the attraction at Monessen Opera House on Monday evening, Nov. 30. George D. Mackey is starring in this production and he doesn't miss any opportunity that will add interest to the performance. The story of "The Boy With The Boodle" is naturally developed. It is a moving and highly dramatic story, with abundant striking incidents and tense situations. Tears and laughter are delightfully blended. (Skidoo George D. Mackey) riseses to fame and fortune and Tammany Ann's (Comford Snyder) staunch devotion to Skidoo while his enemies plan his downfall from the framework about the story which is so interestingly told. A cosmopolitan array of characters is required to develop the pilot. The play has a variety of stage settings. The play opens in New York, shifts or unconventional mining towns and then back to Central Park, New York. Prices 25, 35, 50 cents.

Waiting For Good Luck.

The foolish man sits down,
Without the wish to strive,
And twirls his thumbs and waits
For good luck to arrive.

The wise man bares his arms
And works to make the way
A smooth one for the good
Luck that may come some day.
—New York Herald.

Faith and Works.

Johnny—What would you do if you was out in the deep water and a great big shark was comin' right at you?

Tommy—I'd do a short prayer, and then I'd swim like the old scratch.—Chicago Tribune.

ATTEMPTED TO RIDE HORSE PAST CRUSHER

While attempting to ride a young horse past a stone crusher near Lone Pine yesterday morning Charles Zediker, of Washington, was thrown and severely injured. He was rendered unconscious and remained in that condition for some time. Dr. J. Y. Scott was summoned and rendered the necessary medical attention. The boy was brought to his home at noon. A peculiar coincidence in the accident is the fact that young Zediker received a fractured shoulder in a football game on Thanksgiving day just one year ago.

Yesterday Zediker and Kenneth Headley secured two young horses from Edgewood farm, owned by Julius LeMoyne for the purpose of taking a ride. They rode toward Lone Pine. When they came to the stone crusher operated by Contractor N. C. Hunter, who is constructing the Lone Pine road, the horses were led past. On the return trip the boys did not try to lead the animals and Zediker's horse took fright and threw the rider violently to the ground. Assistance was at hand at once and the unconscious boy removed to a nearby house. Harry Liggett, who is employed by Mr. Hunter, secured a buggy and brought the boy to Washington. He regained consciousness while on the way to town. His name was not learned until Mr. Liggett was near Washington, when Headley recovered sufficiently from the shock to tell where his injured companion resided.

HOLD UP AT MONONGAHELA

Monongahela, Nov. 27.—John Batira, a well to do foreigner of this place, was held up and relieved of $100 at 2 o'clock this morning by three footpads. As Batira was walking in Main street near First two foreigners pounced upon him. One blow sent Batira to the ground. The foreigners held him on the ground while an American went through his pockets.

A raiding party, headed by Detective J. Wallace Hilton, swooped down upon a house in the foreign settlement of the city at 3 o'clock this morning and arrested five foreigners, charged with the violation of the liquor laws. A celebration had been in progress at the house. At the hearing before Mayor William Blankenbuehler this evening it developed the foreigners had been selling beer. They were held for court and in default of $500 bail each were committed to jail.

Misses Elizabeth and Hattie Sterling of Masontown returned home yesterday from a visit at the home of Mr. and Mrs. Bowman on Third street.

Mrs. Krakover Makes Statements In Action Brought Against Her.

UNIONTOWN MAN'S SUIT

In the matter of an execution issued a few days since against B. Krakover and A. Krakover, at the instance of J. W. Jaco, Uniontown, the defendant, A. Krakover, wife of B. Krakover, has started a proceeding to be allowed to make defense to the claim made upon her. Upon her petition a rule has been issued upon J. W. Jaco to show cause why the judgment should not be opened and the defendant, A. Krakover, let into a defense. The defendant agreed to give bond in the sum of $500 to protect the prosperity pending the outcome of the action. The execution was issued upon a debt due for the use of a store room in Uniontown. The defendant claim she was only an endorser of the judgment upon which the execution is issued and that she was not interested in the Uniontown store. The property levied upon was the store room of the defendant on McKean avenue, Charleroi.

PLAN SERVICE TO CITY NEXT WEEK

Work on the Charleroi Telephone company line to Pittsburg is progressing very fast and it is expected they will be in position to give service via Donora some time next week.

Right of way of the Washington line was completed yesterday and the company plans having a working line over to the county seat before the end of February.

Wire has been purchased to string an additional line to California which will relieve the present overworked capacity to some extent.

Additional local lines are underway and no doubt will be working before spring.

RESERVOIR HAS BEEN REPAIRED

Yesterday work on the reservoir to the south on the hill by the Charleroi water company was finished up on some improvements which they have been making. There was a break in the reservoir and the company thought it necessary to repair it.

LARGE TIPPLE TO BE ERECTED AT ACME MINES

Mine a Few Miles Below Monongahela Will Be a Wonder.

Plans have been drawn for the coking plant for the Pittsburg-Westmoreland Coal company, to be located near its Acme mines, 10 miles south of Monongahela. While it is designed ultimately to make it one of the biggest plants of the kind in the country, the start will be rather moderate, the intention being to expand it from time to time. Contracts for 200 ovens and other improvements will be awarded soon after the first of the year, involving something like a half million dollars. Officials of the company are not ready to discuss the proposition in detail, but they confirmed the report that such a plant had been designed and that construction of it will be commenced next year.

It is in the Schoenberger mine of the Pittsburg-Westmoreland company that the only complete mining machine in the world is now in successful operation. It is the invention of H. A. Kuhn, the president of the company, and it actually mines the coal and loads it on the cars. It is known that Mr. Kuhn also has some original ideas about the construction of coking plants, and it is understood that the ovens will be of an entirely new type.

SOCIAL EVENTS OF CHARLEROI

A birthday party was given at the home of Mr. and Mrs. John Hormell yesterday afternoon, in honor of their son Everett, in celebration of his tenth birthday. A number of his little friends were present and the afternoon was spent most enjoyably with games and music. A nice lunch was provided for the young folks.

The Christian Endeavor society of the Washington Avenue Presbyterian church are planning for an Oyster supper to be given in the basement of the church on Tuesday evening of next week, beginning at 5 o'clock.

Carrol.

Patrick H. Carrol the son of Mrs. F. B. Carrol of 321 McKean avenue died this morning at 12:20 o'clock after an extended illness of pneumonia. The deceased was 4 years 11 months and 11 days old. The mother survives the father being dead. The funeral will be held on Monday afternoon at 2 o'clock from the Washington avenue Presbyterian church. The interment will be either in the Monongahela or Charleroi cemetery.

The boy was the grandson of H. B. Walters.

Mrs. F. D. Rhines and daughter Ruth of Brookville, Mr. and Mrs. H. L. Hastings, and daughter of North Side, Pittsburg, and Mrs. S. T. Hastings and daughters Nellie and Verdi of Mahoningtown returned to their homes this morning after a visit at the home of Miss Grace Rhines.

TERRIBLE AFFAIR SHORTLY BEFORE NOON AND MANY ARE ENTOMBED BELOW SURFACE

Mine Foreman Henry Compton Is The Only One Who Has Been Brought To Surface---He Was Going Down Shaft When Explosion Came After Bringing Louttit And Kennedy To The Top.

HUNDREDS ARE ANXIOUSLY AWAITING NEWS OF ILL FATED ONES IN MINE

About Two Hundred miners in the Rachael shaft of the new Marianna mines are entomed as the result of an explosion this morning shortly before noon. But one person that was killed has been brought to the surface. Henry Compton, mine foreman, who was in the cage going down the shaft when the explosion occurred. A foreigner who was seriously hurt has been taken to the hospital at Monongahela. No word can be gotten to the ill fated ones in the mine and it is not known whether or not any of them are living, but it is hardly supposed that they could be alive, such was the force of the impact. Rescue parties have been rushed to the mouth, but cannot do anything as yet. Special trains containing officials of the company have been taken from Pittsburg to the mine, one leaving Monongahela about one o'clock. The reports of the terrible catastrophe are as yet very vague.

The time of the catastrophe was 10:55 o'clock. The cause is not known. Just a few moments before the explosion Mine Inspector Louttit and Joseph Kennedy of Monongahela, who have been spending the day at the new Marrianna mines were brought to the surface by Mine Foreman Henry Compton. After a very short time on the surface the mine foremen with a foreigner started down the shaft in the cage. They were little more than half way down when the explosion came. The cage was blown to the top of the shaft. People came running from every direction and in a moment the ground nearby was black with people. The wrecked cage was found to contain the dead body of Compton, while the foreigner had in some manner escaped death, but he was injured, it is thought mortally. The timbers of the tipple were wrecked. The news spread like wild fire, and the residents of the near by towns, Zollarsville and Centerville flocked to the spot as fast as horses could carry them. Rescue parties were formed but they could do nothing.

Messages were sent to Monongahela and Pittsburg for aid and a special train was sent from the latter place. It got to Monongahela at about 1 o'clock and gathering more of a load proceeded to the mine. No one was unable to get in the shaft, the opening being clogged by the debris of the explosion.

There is no idea as to the cause of the explosion. The mine was evidently supposed to be in bad condition from the fact that Mine Inspector Henry Louttit was spending the entire day in the place. He hardly expected the catastrophe however. The mine is but a new one which makes the explosion seem all the more strange. The conditions in it were generally thought to be good, and the mine officials are at a loss to account for the explosion. They will make an entrance to the mine as soon as possible, and if there are any of the miners alive, which is extremely doubtful, they will be brought out. It is hardly likely that an opening will be made for sometime, on account of the debris that was piled up.

The Rachael is one of the largest in the world. There are two of the mines and both have but recently been opened. They were considered to be among the best fitted up and ventilated in the country.

At the mouth of the mine as close as they can get are women and children who are anxiously awaiting news from loved ones who are supposed to be in the mines. The suspense is terrible and a large number of the women are now under the care of physicians who have been hustled to Marianna. The calamity is said to be one of the most terrible that has happened in this section for several years and even surpassing that of the Monongah catastrophe last year.

Henry Compton, the mine foreman who was killed, has been taken to Bebout's undertaking rooms at Monongahela. Half of his head was blown off. He was well known along the river. He had been employed formerly at the Catsburg and Black Diamond mines.

More undertakers were sent for from Monongahela at 2:30 o'clock and it is probable that they will leave in a special train later in the afternoon. This indicates that all that were in the mine are dead.

FOUR LIBELS IN DIVORCE ARE FILED

Four libels in divorce were filed yesterday as follows: H. M. Ward, Washington, against Anna F. Ward, desertion; Celeste Collinet, Charleroi, against Alfred Collinet, infidelity and indignities to the person; John Baptiste Baton, Granville, against Mary Vellender Baton, desertion; Annie De Morio, Charleroi, against Mike De Morio, infidelity and indignities to the persons. Subpoenas were awarded in all four cases.

Mr. and Mrs. Hamilton Booth of Fallowfield avenue leave this evening for Philadelphia for a visit with their son Lewis who leaves soon for a two years cruise on the training ship with which he is signed, to the West Indies.

Mr. and Mrs. C. C. Sherman of Girard are spending a few days with Mrs. Hepler of Second street.

COULSON, ABBOTT AND DEWAR ON STAR TEAM

Bob Coulson, the star halfback of last year's State college football team, and Ody Abbott, the end and halfback on the W. and J. team last year, will line up with the All Western Pennsylvania eleven this afternoon at D. C. and A. C. park, Wilkinsburg, against the Sterlings, the amateur champions.

Coulson and Abbott live in Donora, Pa., and they joined the squad yesterday and both will occupy positions in the lineup that starts the game this afternoon. "Tillie" Dewar will be on an end or in the backfield and there is probability of Peacock, the W. and J. tackle, starting the game at that position.

J. S. Elliott has returned home from a vacation spent in the West. During his tour he visited Denver, and other points in Colorado, New Mexico, and Wichita, Kansas.

TO INSTITUTE NEW LODGE AT MONESSEN

Local People To Attend In A Body The Exercises Tomorrow.

The Charleroi lodge, 639, B'nai Brith will on Sunday afternoon go to Monessen in a body to attend the institution of the lodge which was recently formed there. The local delegation will be headed by The President, L. Beigel and a full quota of officers. There will probably be twenty from here and the lodges from Donora, Braddock, McKeesport, and Pittsburg will send large delegations.

There will be grand officers present, among which will be A. L. Soloman, the president of the third district. It is probable that Rev. J. Leonard Levy of Pittsburg will also be in attendance.

The Monessen lodge was formed a few weeks ago by Louis Sulzbacher District Deputy President at large, and L. Beigel of Charleroi. It has about thirty charter members, and there is every evidence of its being one of the best lodges in the country. The charter will be presented tomorrow.

NOTE SUIT IN THE JURY'S HANDS

The testimony in the suit of L. R. Boyd for use against Anna Williams and Ambrose Williams was closed yesterday afternoon, and the case will go to the jury today. Thirty three three witnesses were called yesterday.

The suit is over a $500 note purported to have been given by Anna and Ambrose Williams to L. R. Boyd for legal services. Payment is resisted by the defendant on the grounds that they never signed the note. Two handwriting experts were called, the one for the plaintiff testifying that the signatures to the note were genuine, while G. W. Wood, of Pittsburg, the expert for the defendants, was as positive they were not.

L. R. Boyd, the plaintiff, claims that the defendants owed him $600 for legal services and the note for $500 was given to secure him. He avers that Anna Williams signed the note on a Saturday afternoon, and her signature was witnessed by Peter Wagner. Ambrose Williams, the other defendant, signed the note later in the evening. Mr. Boyd says that in January, 1903, six months after the note was given, he wrote a letter to the defendants concerning the note and interest due. He received in reply two letters. In one letter Anna Williams acknowledges the note and promises to make payment on the same. The letters were offered in evidence.

The defendants deny signing the note and allege that the day it was claimed to have been executed they were in Pittsburg. Mrs. Lena Riley, a daughter of Mrs. Williams, who attended to her mother's correspondence, denied writing the letters introduced by Mr. Boyd.

Anger Wrecks the System.

It is well known that a violent fit of temper affects the heart instantly, and psychophysicists have discovered the presence of poision in the blood immediately after such outburst, says Orison Sweet Marden, in "Success Magazine." This explains why we feel so depressed exhausted, and nervous after any storm of passion—worry, jealousy, or revenge—has swept through the mind. It has left in its wake vicious mental poison and other harmful secretions in the brain and blood. There is no constitution so strong but it will ultimately succumb to the constant racking and twisting of the nerve centers caused by an uncontrolled temper. Every time you become angry you reverse all of the normal mental and physical processes. Everything in you rebels against passion storms; every mental acuity protests against their abuse. If people only realized what havoc indulgence in hot temper plays in their delicate nervous structure, if they could only see with the physical eyes the damage done, as they can see what follows in the wake of a tornado, they would not dare to get angry. When the brain-cells are over-heated from a fit of temper their efficiency is seriously impared if not absolutely ruined. The presence of the anger poison; the shock to the nervous system, is what makes the victim so exhausted and demoralized after [illegible]

After reading the above which seems to be the result of careful research, it would be strange if we would not be affected and at least try to control our tempers which are thus not only destroying ourselves, but destroying friendship and dividing homes. There is not a perosn but what knows of some sad affair in which a hasty temper played the leading role and created for days and years thereafter trouble and worry. There is nothing that is more disagreeable to our friends and more harmful to ourselves than the two following things combined, two evils which are not susceptible to reasoning or good common sense—a hasty temper and an obstinate disposition. What we need now-a-days are doctors of temper more than doctors of medicine, for if physicians were able to treat outbursts of temper, which after all is but a mild form of insanity, there would be less diseases of the physical nature.

Impure Water.

Much has been said of the impure river water that we are compelled to use and at the present time there are two reasons to be assigned that we have such. The first of these is the fact of the river being so low and the acids which are discharged from the works and mines along the bank, instead of pasing out remaining in the local waters: the other the absence of a filter at the water works. It is impossible for us to regulate or control the first named, but if we interpret the working of the franchise of the Charleroi Water company rightly it is possible for us to get a filter. The water company states that there is one installed in the river near the pump station but examination by local officials have failed to produce any evidence of any, and the condition of the water is practically the same as if it were dipped from the river directly.

Sometime ago there was a suit brought against the borough of Charleroi by the Water company to collect bills to the amount of something above $2,000, but there has not been anything heard of this. There was to have been a hearing at the August term of court, but for some reason it was put off and the matter still stands. Three citizens of the borough instituted a suit in equity court against the company and this will be heard in the near future. No doubt there will be some sensational testimony in this. All Charleroi is with the three who took the action and if possible the Water company will be made to suffer for their misdeeds. If the result of this suit is favorable to the local people and doubtless it will be, the borough will likely take up the matter of removing the franchise from the company which now holds it. Whether this would provide a remedy for the conditions is not known, but it would at least be worth trying. It couldn't make matters any worse.

Only Did Duty.

The grand jury of Lackawanna county has certainly done no more than its duty in including seventeen citizens of that county for election frauds. Ten of the accused are republicans and seven democrats, thus confirming the popular theory that neither party has a monopoly either of virtue or of vice. Some are indicted for stuffing the ballot box, some for failing to count the vote actually cast and one for attempting to bribe an election board. The latter is a federal official and should it be shown that he is guilty of the offense with which he is charged Uncle Sam is likely to get after him. The election for neglect of duty, the ballot box officers of one district were indicted having been found in the river. It looks as though that indictment had a good foundation. There has been more or less trouble in the coal regions for many years over the returns from some of the districts and it looks as though a few examples are badly needed.

THE SLEEPING SICKNESS WHICH MEANS DEATH

How many readers have heard of this terrible disease? It prevails in that far-away country—Africa—especially the Congo district. It is caused by the bite of the tsetse fly. When it bites a person, the sleeping symptoms begin and finally the sufferer sleeps until death occurs.

Contrast this with the peaceful, balmy sleep of health. Is there anything more wearing than to lie awake at night tossing about, nervous, with cold feet, hot head and mercy knows what else? Short of letting the tsetse fly bite us we would do almost anything for relief. How can we prevent it? Mr. George Hayes, of Union City, Pa., writes: "I had lost my appetite, was all run-down, could not sleep nights. I had tried everything without relief. Vinol was recommended, and to my surprise, it helped me at once; gave me a splendid appetite, and now I sleep soundly."

What Vinol did for Mr. Hayes, it will do for every run-down, nervous and overworked person who cannot sleep.

THAT THE POWER OF MONEY

in making more money is the secret of getting rich is generally admitted.

The average so-called "savings deposit" is only $400—yet this $400 represents 4 per cent interest on nearly $7,000 for a full year. As the most of these accounts were started with a deposit of one to ten dollars and gradually increased to their present size, doesn't it seem that you can do fully as well? Make up your mind to do it—then it's merely a case of application. Your earnings are as large, or larger, than those of the average depositor referred to, only—you haven't been banking your money.

Come in and let us tell you some other reasons why you should have a bank account.

AMONG THE THEATERS

Stock Company Next Week.

The Earl Burgess Stock company which will be the only attraction at the Coyle theatre all next week, has been drawing record breaking crowds to the theatre, in the different plays that it has appeared in so far this season. On Monday August 10th, it played to the largest number of paid admissions that the big VanCurler Opera House in Schenectady ever had at one performance. This company is one of the several companies under the management of Burgess and Himmelein and was never here before. This organization will make their initial appearance here Monday night in a famous dome-tic melodrama entitled "Wedded and Parted." High class vaudeville will be introduced between acts. Changing at every performance. The special ladies' tickets Monday night 15 cents each.

At Monessen Theatre.

"The Boy With The Boodle," the latest musical comedy drama from the pen of that well known author, Howard Hall, will be the attraction at Monessen Opera House on Monday evening, Nov. 30. George D. Mackey is starred in the part of [illegible] doesn't miss any opportunity that will add interest to the performance. The story of "The Boy With The Boodle" is naturally developed. It is a moving and highly dramatic story, with abundant striking incidents and tense situations. Tears and laughter are delightfully blended. (Skidoo Gus D. Mackey) riseses to fame and fortune and Tammany Ann's (Cornfield Snyder) staunch devotion to Skidoo while his enemies plan his downfall from the framework about the story which is so interestingly told. A cosmopolitan array of characters is required to develop the plot. The play has a variety of stage settings. The play opens in New York, shifts to unconventional mining towns and then back to Central Park, New York. Prices 25, 35, 50 cents.

An Unhappy Outlook.

Prospective Tenant—I should want the studio for sculpture. Caretaker—Yes sir. Some of these is rented for that. There's a sculptor molding next door, sir.—Harper's Weekly.

Mutual Reluctance.

"Here is my seat, madam, but candor compels me to say that I think you are as well able to stand as I am."

"Politeness compels me to say 'Thank you, sir.'"—Chicago Tribune.

The Christmas Store | **BERRYMAN'S** | The Christmas Store

Christmas Buying

Is beginning earlier and earlier each year, because the time has passed when people put off shopping until the last week before Christmas.

The Christmas Buying Has Already Begun

The entire store has taken on the Holiday look with departments filled with everything to attract gift givers. Come here and you will find a bright glowing Christmas store that is well prepared to serve its thousands of customers promptly and satisfactorily. Come in the forenoon if you can. Bring the little folks and let them stay as long as they like.

Umbrellas for Christmas

Umbrellas make appropriate gifts. We have a particularly fine assortment this year. Covers are good substantial silks that will wear; frames are of the best made construction. The selection of handles includes natural wood, ivory, pearl, horn, silver and gold mountings.

Men's umbrellas at $1.00, $1.50, $2.00 $5.00.

Women's umbrellas at $1.00, $1.50, $2.00, up to $5.00.

Dainty Neckwear for Christmas Gifts

Never has such a collection of high class neckwear, yet popularly priced, been shown here. The growth of the vogue for neckwear has caused the designing of the most tasteful collars, and we are sure of pleasing you with our great selection. Now is the time to secure the very choicest of this selection.

Christmas Handkerchiefs

They're here in the most bewildering assortment you ever saw, plain white ones, hemstitched, fancy borders, initial, all attractively boxed and at prices ranging from 5c to $1.50.

ATTEMPTED TO RIDE HORSE PAST CRUSHER

While attempting to ride a young horse past a stone crusher near Lone Pine yesterday morning Charles Zediker, of Washington, was thrown and severely injured. He was rendered unconscious and remained in that condition for some time. Dr. J. Y. Scott was summoned and rendered the necessary medical attention. The boy was brought to his home at noon. A peculiar coincidence in the accident is the fact that young Zediker received a fractured shoulder in a football game on Thanksgiving day just one year ago.

Yesterday Zediker and Kenneth Headley secured two young horses from Edgewood farm, owned by Julius LeMoyne for the purpose of taking a ride. They rode toward Lone Pine. When they came to the stone crusher operated by Contractor N. C. Hunter, who is constructing the Lone Pine road, the horses were led past. On the return trip the boys did not try to lead the animals and Zediker's horse took fright and threw the rider violently to the ground. Assistance was at hand at once and the unconscious boy removed to a nearby house. Harry Liggett, who is employed by Mr. Hunter, secured a buggy and brought the boy to Washington. He regained consciousness while on the way to town. His name was not learned until Mr. Liggett was near Washington, when Headley recovered sufficiently from the shock to tell where his injured companion resided.

HOLD UP AT MONONGAHELA

Monongahela, Nov. 27.—John Batira, a well to do foreigner of this place, was held up and relieved of $100 at 2 o'clock this morning by three footpads. As Batira was walking in Main street near First two foreigners pounced upon him. One blow sent Batira to the ground. The foreigners held him on the ground while an American went through his pockets.

A raiding party, headed by Detective J. Wallace Hilton, swooped down upon a house in the foreign settlement of the city at 3 o'clock this morning and arrested five foreigners, charged with the violation of the liquor laws. A celebration had been in progress at the house. At the hearing before Mayor William Blankenbuehler this evening it developed the foreigners had been selling beer. They were held for court and in default of $500 bail each were committed to jail.

Misses Elizabeth and Hattie Sterling of Masontown returned home yesterday from a visit at the home of Mr. and Mrs. Bowman on Third street.
